BRUSH COLLECTION: Brush is collected March through October. To insure pickup, brush must be at the curb **no later than 7:00 A.M.** on the Monday of your collection week. Brush can be placed curbside one week prior to the Monday of your collection week. Large branches must be cut into 4 ft. sections. Public Works does not take stumps. Stumps can be taken to the County Recovery Complex (609) 499-5200 for disposal. Due to the size of the Town and the demand for brush pickup, we pass each house once a month for 8 months.

We do not back track or make special pickups. At the end of the season your last brush collection will be the week in October that you are scheduled not at the end of the month. **Residents who utilize a private contractor, the contractor is responsible for the removal of the brush from the property.**

LEAF COLLECTION: Leaves are collected in November and December using the same schedule as your brush collection. They can be placed curbside up to 7 days prior to your collection. To insure pickup, they must be at the curb **by 7:00 A.M.** on the Monday of your collection week. Leaves are also collected in April to assist you with your spring cleanup.

Please help us keep our Neighborhoods, Streets and Water clean. Keeping our streets clean has a major impact on preventing groundwater pollution and flooding. Weeds & grass clippings are not collected and should be disposed of with your trash collection. Very small amounts of brush can be broken up for trash disposal. Disregard or improper placement of yard debris is a violation of the NJDEP Municipal Stormwater Regulations. Repeat offenders will be given a violation notice and possibly be cited to appear in Municipal Court.

TRASH COLLECTION: Trash is contracted with Republic Services, 4100 Church Rd., Mt. Laurel NJ 08054. The Customer Service line (856) 234-4000 is available for any questions or to report a missed trash pick up. Collection is once per week. Trash can only be placed curbside no earlier than noon of the day proceeding the day of collection. Items such as sofas, chairs, mattresses, etc. can be placed out for regular trash collection. Carpets must be bundled and be no longer than 4 ft. Bags or containers not to exceed fifty (50) lbs. Construction materials are not collected, they must go to the landfill. Bulk items are limited to no more than 3 items a week. The Township does not provide for major household clean outs or home renovations debris. The home owner is responsible for proper disposal.

RECYCLE CENTER: Public Works is open to residents only, every Wednesday 7:30 AM to 2:30 PM. or by appointment. Proof of residency is required when you sign in at the office. We accept used motor oil, car and small pickup tires (fees apply), auto batteries, cardboard, electronics, rechargeable batteries, fluorescent bulbs and latex paint. Paint cans less than half filled can be dried out and placed in your regular trash. Today's alkaline batteries are not hazardous & may be placed in the trash.

Public Works does NOT accept:
