

Burlington County Engineer's Office

Intersection Safety Improvement Project,
Riverton Rd. (CR 603) & Branch Pike (CR 606)/Parry Rd.
Cinnaminson Township

CONSTRUCTION NOTICE

On or about August 29, 2016, work will begin to construct roadway safety improvements at the intersection of Riverton Rd. (CR 603) & Branch Pike (CR 606)/Parry Road. The project completion is scheduled for December 2016. Traffic delays should be expected during the course of construction and a full roadway closure and detour is tentatively scheduled to begin after Labor Day. Normal work hours will be 7:00 am to 4:00 pm, Monday thru Friday. Weekend and nighttime work may occur during the project.

The planned construction work includes drainage improvements, roadway widening/curbing and landscaping. For specific information on the planned roadway improvements please visit the Burlington County website at <http://www.co.burlington.nj.us/281/Engineering> and click on the link located under "Road Projects" or contact the Burlington County Engineer's Office at 856-642-3720.

When traveling to and from your home or business, please be mindful of the road conditions and the safety of the workers.
